

Greetings Misawa! Our staff at Outdoor Recreation has been working hard to keep the fun alive and well in Northern Japan while following current travel and group size restrictions. We listened to the town hall and looked at our programs to figure out what events need to be canceled, but more importantly, what trips and events can be modified to provide a LOW RISK – HIGH FUN experience.

Stop by Outdoor Recreation, use some of our hand sanitizer, practice social distancing, and ask us about all the awesome stuff you can still do with us on and off base! Check our new Outdoor Recreation Adventure Guide, out now in the Outdoor Recreation Center for information on trips listed and visit <https://35fss.com/covid> for any updates.
